

Customer Support Call Transcript

Agent: Hello, thank you for contacting customer support. How can I assist you today?

Customer: Hi, I recently purchased your wireless headphones, and the left side is not producing any sound.

Agent: I'm sorry to hear that. When did you first notice this issue?

Customer: It started two days ago after charging the device overnight.

Agent: Did you try resetting the headphones or reconnecting them to your device?

Customer: Yes, I reset them and paired them again, but the problem still exists.

Agent: Thank you for trying that. Could you please provide the order number?

Customer: Sure, the order number is WHD784512.

Agent: Thank you. I can see the product is under warranty. We can offer either a repair or replacement.

Customer: I would prefer a replacement because I use these headphones daily for work meetings.

Agent: Understood. I have initiated a replacement request, and the new unit should arrive within 4 to 6 business days.

Customer: That sounds good. Will I need to return the defective product?

Agent: Yes, a return shipping label will be emailed to you shortly.

Customer: Great, thank you for your help.

Agent: You're welcome. Have a wonderful day ahead.
